- 1.2. The New Zealand Mini Golf Federation is bound by its constitution as set by the committee and obligations set by the World Minigolf Federation (WMF)
- 1.3. *Players* refers to any person(s):
 - (a) Competing at any event hosted by or associated with the New Zealand Mini Golf Federation.
 - (b) Representing New Zealand in any international Mini Golf event.
- 1.4. The NZMGF imagery and intellectual property can only be used with express permission from the President and Secretary of the New Zealand Mini Golf Federation.
- 1.5. Within New Zealand, the sport is more primarily written as two distinct words: “mini golf” or “mini putt”. Whereas the World Minigolf Federation refers to the game as a single word minigolf. The NZMGF preferred name and form is two words: “mini golf”.

2. Interpretation

- 2.1. All players by definition above must be aware and understand all the rules/regulations in this document.
- 2.2. Internationally, the World Minigolf Federation (WMF) refers to holes as a “lane”.
- 2.3. New Zealand mini golf is most commonly played on courses that are categorised by the WMF as the Minigolf Open Standard (MOS). These rules are derived from the WMF rulebook and the MOS-specific rules and are applicable to all NZMGF events unless otherwise advised.
- 2.4. The NZMGF will ensure rules reflect the traditional de-facto New Zealand mini golf game while aligning with WMF rules where practical.
- 2.5. The Federation committee and event officials are responsible for providing clarification of any rule/regulation when questioned by a player.
- 2.6. Due to course variations, ‘*course rules*’ may overrule an existing NZMGF rule at certain events. This will be decided by any present committee member(s) and

event officials and will be made known to players who will in turn be given the opportunity to question and/or dispute the ruling.

- 2.7. In the event that a situation is not covered by an existing NZMGMF rule, the WMF rulebook will be referenced to make a ruling.
- 2.8. During an event, if a situation is not covered by any rulebook; event officials will determine the course of action and record it for review post-event.

3. *Rulebook changes/amendments*

- 3.1. Changes to existing rulings and the addition of new rules/regulations will be decided upon by the Federation executive committee and will be subject to approval by majority vote during an executive committee meeting. This will be usually done with feedback from the WMF.
- 3.2. Where practical, any rule change needed in response to a situation as outlined in section 2 will be ratified prior to the next official event.
- 3.3. Every effort will be taken to inform members, players and the greater community prior to proposed changes and feedback will be taken under consideration.
- 3.4. Players have the right to dispute an existing rule/regulation and must do so by writing to the Federation. In the event of a dispute the Federation executive committee will discuss the dispute in the next scheduled meeting and come to a decision as to whether an amendment is necessary.
Following this; all players will be made aware of any decision made following a rule dispute by a player.

PART 3: RULES AND REGULATIONS

1. Application

- 1.1. The following rules and regulations are applicable for events hosted by the New Zealand Mini Golf Federation.
- 1.2. Exemptions may be allowed where it is impractical to enforce a particular rule on a course, or where a player's physical ability is limited (e.g. one-armed players). These must be announced to all players and managed in the same manner as Course Rules

2. Equipment

- 2.1. Only genuine Golf or Mini Golf putters are permitted in competition play. Markings are allowed on the putter however; a putter must not have added *gadgets* for aiming purposes. Putter approval is at the discretion of event officials.³
- 2.2. Only genuine golf balls or European mini golf balls are permitted in competition play. The diameter of the ball must be between 37mm and 43mm. Ball approval is at the discretion of event officials.

3. Course and Holes

- 3.1. A tee-off area must be defined on every hole. It must be a closed area shown with markings. The size or dimensions of the area are not defined. When a course has no defined tee-off area, event official(s) will define and mark a tee off area.⁴
- 3.2. It is not permitted to make any changes to the holes (e.g. drilling of holes). Neither is permitted for players or coaches to make any markings on or near the holes with writing implements, putters or other objects before or during the tournament. When repositioning a ball, plastic or metal rings are allowed temporarily to prevent the ball from rolling away.⁵

4. Stroke / In-Play

- 4.1. A player's ball should not be addressed by any other player or spectator during competition play.

⁵ WMF Rulebook 2.3 update 160508 §2.15 / NZMGF 05/2019

- 4.2. The ball is to be played from the teeing-off area at the commencement of every hole.⁶
- 4.3. If the ball goes out-of-bounds after having passed the border line, play is continued from the place where the ball left the hole, under consideration of the general repositioning rule. A specific hole ruling can apply, i.e. the player would gain unfair advantage by playing the ball intentionally out-of-bounds. If the specific hole-ruling applies, the next shot is played from the position the previous shot was played from.⁷
- 4.4. Penalty strokes are not used in any case, where the ball goes out of bounds.⁸
- 4.5. A player may move their ball 20cm from any edge or obstacle in any direction unless this movement grants a direct playable line to the hole where there was none prior to repositioning the ball. The NZMGF will endeavour to provide an appropriate tool to all players to measure this - e.g. the dimension of the event's official score card⁹
- 4.6. A player must finish each hole with the ball they began the hole with.¹⁰
- 4.7. Players and spectators should at no point interfere with any part of the hole, including but not limited to moving obstacles.
- 4.8. Before every stroke the ball must be addressed with the putter held in both hands. However, in addition to course/event or player exemptions a player can call for an official exemption for difficult shots during play.¹¹
- 4.9. When a player addresses the ball, all other persons must keep away from the hole and the player, so that they cannot be disturbed. If it is possible, they have to keep a distance of minimum 1 meter.¹²
- 4.10. If a ball in play is moved again through outside influence (e.g. by wind) after having come to rest, it must be repositioned at that point where it first came to rest.¹³
- 4.11. At each hole the first player of each group has 70 seconds to play their first stroke. This time limit begins when the group reaches the hole. Each subsequent

stroke must be played within 60 seconds. This time limit begins for the second or following strokes when the ball has come to rest and for the first stroke of the next player when the previous player has left the playing area.¹⁴

- 4.12. Where practical, a group should wait on the completed hole until the group on the next hole has finished to prevent bunching up.¹⁵

5. Coaching

- 5.1. Players can accept coaching and advice by spectators and/or other players as long as person(s) coaching do not breach any other rules; this includes (but is not limited to); touching a player's equipment whilst in play. Any person(s) acting as a coach must adhere to the players' code of conduct.

6. Scoring/score-keeping

- 6.1. Each stroke counts as a point.
- 6.2. The highest possible score at one hole is 7. A player can not continue their turn on a hole after 7 strokes. This score is also applied if a player does not complete a hole by choice.
- 6.3. The winner is the player with the lowest total score.
- 6.4. In the case of a tie for 1st, 2nd or 3rd places, there will be a sudden-death playoff between the tied players or teams. It begins at hole 1 and will continue at the subsequent holes until there is a difference in scores. In sudden-death play-offs the starting player will alternate after the first hole. The playing order on the first hole of a regular sudden-death playoff will be decided by a coin flip or other appropriate method of casting lots.¹⁶
- 6.5. Players are not allowed to keep their own scores. A player's score is kept by their playing partner in the pairing, or a score-keeper appointed by the event official(s). In pairings of more than 2 players, the last player keeps score for the first, the first for the second and so on. This may be relaxed in particular categories at the discretion of event officials¹⁷
- 6.6. The score-keeper is obliged to watch the player very carefully during play. Before the score is entered in the score-card it has to be announced.¹⁸

- 6.7. Each player is in principle responsible for the correct keeping of their score. The player has to make sure on submission of their score-card that the entries have been correctly made, even when the score-keeping has been done by a special score-keeper.¹⁹
- 6.8. Incorrect entries in the score-card must be corrected immediately after notice. Incorrect entries have to be crossed out in such a way that they remain legible, and the correct score must be written next to it and initialled. In pairings of 2 players, corrections should be made and initialled by an event official. In larger pairings this is necessary only when there is disagreement within the group. If there is agreement, the correction is made by the score-keeper and initialled by all members of the group. When a change is made by a referee, the whole group and where applicable the score-keeper have to be consulted as to whether the change is justified.²⁰
- 6.9. At the end of a round each player is obliged to work out or check both their own score for the round and those of their group. The total score of each round must be initialled by the player and the score-keeper. This should be done having already left the last hole free for the next pairing of players.²¹
- 6.10. If the sum of the hole results (total score for the round) was miscalculated, correction can be done without penalty (unless miscalculation was determined to be deliberate).²²
